

COME AND JOIN US.

Mikron Automation is the leading partner for scalable and customized assembly systems – from the first idea to the highest performance solutions. Mikron's expertise and proven track record guarantee the most productive solution to assemble customer products at each stage of their lifecycle.

For our Boudry site we are seeking a

Controls Engineer (m/f/d)

In this role you will be responsible for the development of automation solutions for our assembly line projects. You will be involved in projects from conceptual design phase all the way to the installation on the customer's site.

Your main tasks

- _ Develop automation solutions on a full project basis:
 - _ Concept
 - _ Design
 - _ Programming
 - _ Implementation & Testing
 - _ Documentation
 - _ Installation on customer site
- _ Participate and contribute to the validation of the assembly lines
- _ Provide technical support (internal & external)

Your profile

Education and experience:

- _ Bachelor's degree in industrial IT or equivalent
- _ Knowledge and experience in object-oriented programming (C++ or equivalent)
- _ Or knowledge and experience in PLC programming (Rockwell/AB or equivalent)
- _ Knowledge and experience of automation technologies (drives, fieldbuses, safety, etc.)
- _ Knowledge of data analysis and industry 4.0 (an asset)

Languages:

- _ French (main language in the company)
- _ Good knowledge (oral and written) of English and/or German

Qualities:

- _ Availability to travel (20%-30%)
- _ Sense of service, ease in dealing with customers
- _ Analytical mind, ability to find and provide solutions
- _ Ability to work independently and in a team
- _ Good organisational skills
- _ Interest in the world of industry and high-tech machinery

What we offer

- _ The opportunity to take on a variety of challenges and to participate in the continuous improvement of an international company focused on the market and customer satisfaction in a constantly changing technical environment
- _ The opportunity to work in multi-disciplinary teams
- _ Possibilities to progress within a company that is attentive to the continuous training needs of its employees
- _ An international, modern, multicultural, friendly and dynamic environment

Are you interested?

Then don't hesitate and send your application (CV, cover letter, diplomas and certificates) to our Human Resources Department, to the attention of Mr. Yannick Arrigoni.
