

COME AND JOIN US.

Mikron Automation is the leading partner for scalable and customized assembly systems – from the first idea to the highest performance solutions. Mikron's expertise and proven track record guarantee the most productive solution to assemble customer products at each stage of their lifecycle.

For our Boudry site we are seeking a

Technical Sales Support Engineer (m/f)

As a Technical Sales Support Engineer, you will prepare detailed quotations for complex automation equipment. You will then support the Sales Team in presenting the concept to our customers.

Your main tasks

- _ Review the customer specifications and products in order to develop an assembly concept based on our standard assembly platforms
- _ Provide our customers with product design support to improve the assembly process
- _ Organize feasibility studies in collaboration with our internal engineering services so as to address specific design concerns or issues
- _ Obtain quotes and manage sub-system deliveries through direct contact with suppliers
- _ Establish a detailed project estimate as the basis for the sales price
- _ Write quotations and present your solution to our customers as part of the sales team

- _ Ability to meet objectives without getting lost in the details
- _ Open-minded personality with communication, negotiation, and persuasion skills
- _ Ability and willingness to travel
- _ Fluent language skills in German / Swiss-German is a must, any other language is a plus

What we offer

- _ A career opportunity providing interesting and varied work in the French-speaking region of Switzerland
- _ The opportunity to work in a multinational company that offers a wide range of development and training
- _ A position in a passionate company with a competitive salary

Your profile

- _ Mechanical engineer (HND, university degree or equivalent) with relevant experience
- _ High degree of analytical skills while maintaining a creative approach to your work

Are you interested?

If so, do not hesitate to send your complete application (CV, motivation letter, diplomas and certificates) to our Human Resources Department, att. Daniel Krauss.
