For our Singapore site we are seeking a

## Mechanical Draftsman (m/f)

### Your main tasks

- \_ Create detailed design drawings and specifications for mechanical equipment, using Autodesk Inventor
- \_ Create Assembly drawings for Manufacturing team
- \_ Create BOM and fill the BOM in the ERP for procurement
- \_ Coordinate with and consult mechanical engineer to design, layout, or detail components and systems and to resolve design or other problems

### Your profile

- \_ Experience in manufacturing, assembly, automation industry
- \_ Proficient with CAD system (Inventor and AutoCAD preferred)
- \_ Experience with mechanical manufacturing process
- \_ Good technical communication skills with engineers and manufacturing personnel
- \_ Strong attention to detail
- \_ Able to work independently within strict deadlines

### What we offer

Are you looking for a chance to work in a fast-paced and challenging environment that will utilize your creative abilities and CAD skills? We are looking for a dedicated and accurate mechanical drafter with an interest in mechanical engineering and a self-motivated attitude. You will be working with our engineering teams to create a variety of technical drawings and digital models and will be able to contribute to the design process as well. We foster a positive and encouraging work atmosphere and offer plenty of opportunities for on-the-job mentoring and practical experience with several departments.

### Are you interested?

If you are the talent we are looking for, please do not hesitate to send us your full cv with motivation letter. We provide a long term secure job with us and a good platform to grow and develop with the company. Contact: HR Manager, [hr.msi@mikron.com](mailto:hr.msi@mikron.com)
